PCR Tests Information

We would like to remind you that you are required by the UK Government to undertake a PCR test on the second and eighth day of your quarantine. These tests are to be self-administered in your room. G4S security will deliver the testing kit to your bedroom on the relevant mornings in question.

It is very important that you retain the barcode for each of your tests. Please keep this barcode very safe. You will find the barcode within the PCR test kit.

It is also important to register your Day 2 and Day 8 PCR tests using the relevant barcodes from each PCR test kit. Once you confirm the registration, you can call 9119 from your guest bedroom to ask for any assistance you might require. When calling 9119, you must have your barcode for the relevant PCR test readily available.

When registering a PCR test, you will be asked to input a 'Site ID'. The Site ID for this managed hotel quarantine facility is BFIA.

If you require assistance on how to administer the PCR test, please scan the QR code that we have uploaded onto your TV using your mobile device. The QR code will take you to an NHS website, where a demonstration is available.

We hope that the information provided will answer any questions that you may have. If there is anything you would like to ask, please do call us on 68000.

We wish you an enjoyable and relaxing stay here at Radisson Blu Edwardian, New Providence Wharf.

Yours sincerely,

Peter Wardley
